- **Old Testament**
- Casting out of the devil and his cohorts from heaven is a fantasy.
- Breach of contract of the 'watchers,' their interbreeding with the mankind, and their banishment from heaven is true. The watchers were the Annunaki who had come to Earth due to Atlantean's invitation. They also had made a contract with Heaven to watch over and take care of God's special CHILDREN on Earth. Instead, they started to fiddle around with mankind's genetics in order to create an inferior, 'docile,' easy to control and rule, second class citizen suited for slavery. This way, they could colonize Earth and plunder her resources with a carefully devised ruling methodology comprised of keeping their subjects in the dark through lies, false ideologies and illusion, while simultaneously driving Mankind to slavery.
- The idea was to continuously keep Mankind's level of consciousness down by whatever means possible, false religions, instigating an illusionary life purpose, subliminal messaging and conditioning, and, later, in the 20th century, through psychotropic weaponry.
- This is why the variety of religions we have today are distorted and infected with carefully injected ideologies; or conversely, are subjected to censorship of certain 'truths' which are deleted from the texts.
- The concept of 'End of Times' is exaggerated deliberately to incite FEAR. More correctly, it should have been accurately describes as 'Dawn of the New Age,' which is now referred to as 'THE GOLDEN AGE.'
- The ideas of 'Armageddon' and the 'Battle of Good versus Evil,' are grossly distorted. First of all, these are only pertinent to 'us' and no one or nowhere else in the Universe or Multiverse, and to the current cycle soon

to be ending. Secondly, there should have been less prominence put on the role of the Dark ('Devil'), as the good was ordained to simply defeat the evil without any significant bloodshed or fuss. Again, this was all carefully planned and injected into the text in order to invoke FEAR and submission.

- Reference should have been made to resurrecting (or ascending) the mankind and, once again, denouncing the evil and putting an end to evil's tyranny, and 'freeing' mankind from the dark's deceptive influence and oppression.
- The impression of 'HELL' is totally false. Strictly speaking, there is no such place as HELL. It may be true that certain Dark minions live in the 4th dimension and actually primarily reside in the constellation of Orion; but this is their place of domicile and not for us to be descended there.
- The Draconians are reptilians. They are all outcasts and can only reside in the lower physical dimensions below the 5th dimension despite their level of knowledge, warfare technology, etc. They are the most FEARED expansionists in the galaxy, deeply engrossed in war and suppression of other races or species, living a parasitic way of life in which they conquer and enslave their subjects and live off them and their hardships and livelihood.
- Furthermore, as the Draconians and their minions are banished from Heaven and not living in the LIGHT, they are deprived of receiving the ever-sustaining divine energies, and hence they venture on rubbing other species' energies who live in the LIGHT.
- They do this through slavery and false pretense and creating ILLUSION for their subjects by playing GODS to their dependents. FEAR is their primary weapon and means of invoking negative energies in their subordinates which acts as a SINK through which their enslaved species dissipate their energies.
- The more their subjects FEAR them or worship them as GODS the more energy they collect from the oppressed and the stronger they get.
- Conversely, the more energy their subjects squander the weaker and more subjugated the oppressed become.

- This also has the added advantage for the oppressors that keep their slaves in the lower vibrations leading to low states of consciousness which subjugate them to more superstition. They continue revering their suppressors as GODS who simultaneously maintain themselves at significantly higher levels of cognizance.
- The fortunate truth is that God has limited these parasitic beings to the lower physical realms only as they cannot ever ascend to the higher planes of existence; unless they move to the light and accordingly raise their consciousness as to acquire compassion and unconditional love; and cleanse their bodies and souls from all aspects of dark and negative energies and karmas accumulated previously.
- This is the way it has been; and this is the manner it SHALL be as GOD is NON-JUDGMENTAL, GOD is BENEVOLENT, and GOD is FORGIVING.
- This brings us to the subject of 'THE JUDGMENT DAY,' which is a pure fiction, or more elaborately, a gross 'HORROR STORY.'
- Again, the motive behind it is to invoke FEAR and to drain one from peaceful and tranquil positive and inspiring divine energies.
- The fact is that there is no such a thing as the 'JUDGMENT DAY.'
- There are no referees to decide upon your fate; there are no juries to utter a verdict; there are no judges to pronounce a sentence; and there are no executioners to carry out a punishment; and there is no such a place as HELL to be condemned to.
- Likewise, there are no such things as 'SINS.'
- This is all perceived WITHIN.
- In fact, YOU are the conveyer of all your GUILT or SIN.
- YOU are the REFEREE, the JURY, the JUDGE, and the EXECUTIONER of your life sentence.
- There lives a divinity within YOU which is called YOUR CONSCIENCE.
- It is there to guide you, to direct you to always stay in the light and do the right thing.
- If you sway from this and move to the dark it will be part of you gaining an EXPERIENCE.

- It is as if you did not do well in an exam and you failed.
- It is fine, YOU just need to go back and correct it. You sink in your vibrations and degree of your CONSCIOUSNESS. You need to go back LOWER.
- The more you 'DESCEND' in your consciousness the more you delve in slumber.
- Eventually, YOU need to awaken and to 'SEE THE LIGHT.'
- The sooner you wake up the sooner you retain your divine energies; the sooner you raise your consciousness; the sooner YOU EVOLVE; the sooner you increase your natural vibrational energies; the sooner you become ready to cross the threshold of your existence and elevate yourself to live among higher beings; the sooner you will live in HEAVEN immersed in utter peace, tranquility, abundance, freedom, and all that could be desired.
- Again, it is true that GOD has created this perfect system of life; however, it has nothing to do with HIM or his divine kingdom now.
- There is a GOD that lives inside you which is YOUR HIGHER SELF.
- You can seek him out; submit to him; confer with him; cooperate with him; and together you may experience a meaningful outcome enriched with positive and joyful involvement, and gain precious knowledge, elevating YOU to a higher state of COUNSCIOUSNESS and a more EVOLVED being.
- Conversely, lose yourself in the pandemonium of the moment, totally 'lost' in the process, in a disordered state without knowing where YOU are and where YOU are heading; just living a day after another day.
- Well, YOU are eternal; there are many other such days in store for you; the more you live one, the more you are destined to repeat and live another.
- The main question is, is this what you desire? There are no constraints whatsoever. You are the BOSS; you are the sole captain of your ship in the ocean of your reality.
- Just remember HELL is the very same place you are living in if you INTEND it, if you desire it be.
- On the contrary, you may have a pleasant, joyful experience day after another day, and when the time is right, you will ascend or resurrect to the higher planes, where you initially came from.

- You will be successful, you will be resolved of your experiences (education) and you will go HOME.
- Now you have the most well-intentioned achievement, the most compendium knowledge regarding DUALITY as well as what is it like living under the limited experience of bondage.
- You shall be the professorial embodiment and the authority on the subject of Duality and role of evil as well as enslavement on the CONSCIOUS or SENTIENT entity of LIGHT; and for this you shall be revered and very much in demand.
- Be wise. Do not ever blame anyone or anything else for your details of your life story. YOU are the director, producer, writer of the saga of your life.
- This virus, this assassin of the otherwise fruitful moments of life, the attributing other persons or effects ruining your experiences of life, may be referred to as VICTIM CONSCIOUSNESS, and is very common among mankind.
- Through this mechanism it is so easy to simply dismiss YOUR responsibilities and avoid any soul-searching to come up with any meaningful resolution to the problem. It is the work of a lazy individual grossly influenced by his EGO who is totally blind to see the reality of each occurrence.
- It is a self-inflicted condition imposed by the brain perceived to be as 'logical' in order to run away from any inference to oneself and thus feel 'VICTIMIZED;' a futile state of martyrdom to seek out sympathy, redemption and false resolution.
- Of course, resolution is never achieved and VICTIM CONSCIOUSNESS mutates into state of 'KARMIC CONSCIOUSNESS.'
- Indeed, KARMIC CONSCIOUSNESS is a much more complex state to resolve which gets buried within the soul and takes much more effort to remedy.
- More regrettably, it soon becomes a vicious circle as the misery of illusion of VICTIMIZATION, and its regression into KARMA, in turn, lead to delusion of being subject to ABUSE, and thus the malicious ring of self-pity continues.

- KARMA is normally very difficult to CLEANSE. It commonly throws a soul completely out of balance and without synchronicity with person's surroundings.
- It installs a sense of insecurity in the soul, being always weary of future outcome, and brings despair in the person constantly thinking and believing that the person is just 'UNFORTUNATE.'
- It also installs a deep sense of doubt and distrust that 'things never get better,' or that 'no one understands,' or 'society is void of compassion.'
- The latter is particularly devastating in the present society's state of consciousness because it is TRUE; yet because of different reasons.
- Unfortunately, due to the 'LAW OF ATTRACTION,' which states "like vibrations resonate with one another," the negative impetus of VICTIMIZATION or KARMA is prone to drawing more negative energies.
- Perhaps the most devastating side effect of KARMA is FEAR which consumes the soul almost all the time. All these negative energies progressively bring down the vibrational energy of the soul which leads to more and more decline in the soul's divine energies which leads to less consciousness and reversal of evolutionary state of the soul.
- Alternatively, if the soul is cleansed of the KARMIC energies once for all, it may be possible to restore the being into a higher plane of existence as soul keeps a complete memory of its previous experiences and state of beings.
- The 'creational' aspect of Man in the BOOK OF GENESIS is totally fabricated as MAN is far more complex and superior than described; this fantasy was created by the Annunaki and was ordered to be put on tablets and historical cylinders, which later became the basis for writing the Old Testament.
- The reference to 'GODS' versus 'GOD' made in the bible is a testimony to the fact that in many texts they were simply adopted from the Sumerian tablets in which GODS referred to the Annunaki who portrayed themselves as GODS to Mankind.
- A lot of sacrificial rituals mentioned in the bible also come from the Sumerian tablets as these individuals who are reptilians are well-known for

their obsessions with sacrificial rituals as well as symbolism, which are associated with the devil and his minions throughout the history of Mankind and indeed the galaxy. These are again espoused from the Sumerian tablets to promote and portray Annunaki's importance as 'GODS.'

- These are fictitious. GOD does not require nor supports sacrificial rites; in fact He strongly demoralizes them.

- **New Testament**

- Historical evident indicates that the all the so-called 'authentic' gospels such as "Mathew," 'Mark,' 'John,' 'Luke,' etc., were actually written 250-300 years A.D. and much after the disciple's deaths.
- Jesus was not born from a 'virgin' mother. He was the offspring of Mary and Joseph.
- Stories of 'BABY JESUS,' the barn, the wrapping him in a manger, the wise men, etc., are all part of dramatizations to bring a rather silly emotional fantasy into the story.
- Not much is known from his childhood up bringing except it was much the same as any other. He worked for his dad and learned to be a carpenter until much later in his adulthood when he was ordained to play his role as he was always meant to do prior to his incarnation; that is to TEACH humanity, to tell them of the TRUTH, to awaken them, to let them know about themselves, and to tell them about their purpose in life.
- There was a glorifying attempt by the religious writers who over-zealously made Jesus more 'fantastic,' or 'beyond-worldly, than he was meant to be.
- Part of this was due to the so-called 'miracles' that he had performed such as healing and reviving the newly dead, walking on water, etc.
- It turns out that such 'marvels' are not 'miracles' at all. Jesus is an archangel in the realm of divine who live on higher dimensions and not in the dense physical realms (first to 4th dimensions).
- His exact name is SANANDA and not Jesus or even Jeshua.
- All heavenly sentient beings (5th-12th dimensions) have the capability of cloaking/de-cloaking, levitation, teleportation, telepathy, clairvoyance,

telekinesis, generally material manifestation, and energy manipulation by the power of thoughts which also include healing and reviving the newly dead. Hence, these feats are no 'miracles' at all. You just need to resonate at a very high vibrational frequency to be capable to interface with high divine energies; and it takes some experience and getting used to.

- This is exactly where we are heading. In fact, eons ago we actually came from such realms.
- We left our beautiful 'heavenly' life of prosperity, abundance, tranquility, with high consciousness in search of getting more experiences under the duality condition in order to raise our consciousness to even higher degrees and evolve beyond what we were.
- The fact, we have an eternal life; the more 'awakened' we become the more we want to learn, develop, and increase our consciousness further in order to undertake more 'creations;' life forms, planets, galaxies or even universes.
- It is all about growing, developing, evolving, and creating. It is not about eating, accumulating, and carnal desires.
- In fact, the higher a being you become the less dense your body gets, the less you have a need or desire to eat, and soon the whole process of sex, which was meant for procreation only, will look quite mundane and even repulsive.
- You do not stop 'loving' or 'sharing;' quite on the contrary, you cannot function or survive without it.
- With the right 'twin flame,' resonating at your frequency, pleasure becomes ecstasy, orgasm becomes 'nirvana' or that we have no vocabulary to describe it.
- You only eat a little and for pleasure only.
- Desire is lit, met with, and is appeased in the ethereal sense for which, again, there are not familiar adjectives or terminologies.
- Mary Magdalene was not a prostitute as described in the bible. She actually came from a very well-to-do and respected Jewish family who became fascinated with the character Jesus and hence joined his disciples. Soon

they fell in love and got married and later they had a child they called Sara. Both Mary Magdalene and Sara are now Ascended Masters working for Lord Sananda.

- Lord Sananda currently heads God's Division of Divine Affairs for Earth which operates from the Ashtar Command on the Spaceship with the same name.
- Mary Magdalene worked side by side with Jesus and was very respected by all the other disciples and the community that later took the name of 'Christians.'
- Mary Magdalene actually wrote her own gospel which has recently been discovered among many other scrolls buried in the desert.
- Her gospel was deliberately not included in the Bible because it reveres the role women played in the Christian community due to the highly dominated church and other societies existed at the time.
- Although Jesus was crucified, he did not die on the cross.
- He was actually taken from the cross by a Roman soldier and was placed on the rock. Later, he was taken to a room and placed on a slab as described in the Bible.
- The reason Jesus did not die on the cross was due to the fact that his lungs did not collapse on the cross which is primary reason for death under such conditions.
- Ordinarily, the knees will give up supporting the body and as a result the body collapses under its weight which causes the lungs to fail.
- Although, Jesus endured excruciating pains as a result of the big tearing of one of his feet at the location it was nailed to the cross, he was taken down from the cross prior to further damage in his feet and wrists through which his body was supported on the cross.
- It is not clear if the Roman soldier responsible for taking him down from the elevated cross removed him as a measure of compassion or because the other two crucified with him at the same time had already died while Jesus had passed out on the cross.
- In any case, Jesus did not resurrect either.

- He was taken away from the slab where he was placed after crucifixion by Mary Magdalene and other disciples and was hidden from the sight of Romans.
- After somewhat healing, concerned about being discovered, and once more, put under Roman tyranny he left Jerusalem.
- He headed EAST where he had once received teachings from Buddhist masters. After many years of travelling and enlightening many whom he came across with he finally ended up in Kashmir where he spend the rest of his time to the ripe old age of about 80.
- He is currently buried in Kashmir in a tomb residing inside a building that also displays a cast of his torn legs testifying to his survivorship from the crucifixion by the Romans.
- Unfortunately, religion is all about rousing emotions, and has been adopted by the countless oppressive regimes as a tool for enticing superstition and hypocrisy which in turn brings fear and invites suppression.
- Not many Christians are either aware of the True story of Jesus's life nor have any interest or inclination to be apprised. In fact, the tendency would be to be defensive and very guarding of their beliefs and categorize all others outside their particular Faith as non-believers, infidel, and certainly in error.
- They do not understand that the character Jesus was primarily created as a role model to enlighten the mass and to actually show them what Mankind is all about.
- It was intended to physical show Mankind where he comes from and where He will end up again if he adopts a proper way of life as to LOVE UNCONDITIONALLY and to have COMPASSION for others.
- This way not only he will have a peaceful and joyful experience living in harmony and synchronicity with others, he will also end up in heaven living in ecstasy, prosperity, security, and utter delight.
- It was intended to show mankind that they are ALL like Jesus with the same potentiality and capabilities.

- Unfortunately, this idea did not resonate with Mankind's state of CONSCIOUSNESS as it had already had deteriorated and was not certainly PAR with the reincarnated beings at the time.
- Instead, some who did follow him glorified his state of existence; called him GOD or SON of GOD, while Jesus was referring to 'my Father' as the Creator of Heaven and Earth and ALL THAT THERE IS, and the Father of MANKIND. There are other places where Bible refers to as CHILDREN OF GOD; but somehow the connection is not made to the fact that we are ALL, indeed, Children of GOD.
- To elaborate more on this Jesus always talked about TRINITY which consists of FATHER, SON, and THE HOLY GHOST, the Father being obviously GOD; SON being CHILDREN OF GOD (YOU, ME, or JESUS, all irrespective of gender because we are all inherently androgynous), and of course was solely taken as JESUS only; and finally HOLY GOD, whose true identity was not properly understood.
- The HOLY GHOST or HOLY SPIRIT is the GOD that lives in all of us. It is the true SELF, the HIGH SELF, that state of our soul that WE ALL ARE.
- WE need to communicate with and tap into our HIGH SELF, who is the most KNOWING the most WISE, the most CONSCIOUS.
- We need to go WITHIN and search ourselves to find and interconnect with our HIGH SELF and let him guide us, let him inspire us.
- HE is our INNER SUN that shines the divine LIGHT upon us, constantly radiating us with UNCONDITIONAL LOVE, with COMPASSION, to live in harmony and synchronicity with one another.
- HE is not the product of DUALITY.
- HE does not know the binary system. There are always a single answer, a single certainty that HE understands and HE is accustomed to which is THE TRUTH.
- It is the same TRUTH that every higher sentient being knows, for WE ARE ALL ONE. We are all part of the same COLLECTIVE CONSCIOUSNESS which originates and vibrates with the same ALL MIGHTY FATHER.

- Therefore, instead of cranking up the BINARY engine of your brain in order to come up with a 'logical' answer, sorting out your options and deliberating as which one is correct, that 'from one point of view...;' 'but again;' 'However if....' Etc. Save precious energy and resort to WHITIN. YOU can be sure your answer is precise, and there is no 'BUT' and 'IF' about it. Become INTUITIVE!
- The HOLY GHOST is within all of us. What it knows is embedded in YOUR soul. As a matter of fact a copy of this knowledge, POWER, or capabilities, is also integrated in your genetics, in your 12 strands of DNA. To activate all 12 strands of your DNA you need to embody and encompass the entirety of your HOLY GHOST to invoke YOUR HIGHEST SELF, which is referred to as the 'CHRIST CONSCIOUSNESS' or 'HOLY CONSCIOUSNES.'
- This is the reality of YOU; this is what YOU are; this is where you are heading for: The Christ you see on Earth who has been reincarnated as 'Jesus of Nazareth.'
- Do not just fantasize about him; do not blindly worship him; start looking WITHIN; start to see YOURSELF as WHO and WHAT YOU ARE; start loving yourself; in turn YOU also LOVE GOD as YOU ARE A REFLECTION OF HIM.
- So in essence it was not just Jesus that was perceived as GOD; it is ALL OF US; GOD IS in all of us; alternatively, WE ARE all a part of GOD.
