

12 Strands of Reality

Mohsen Paul Sarfarazi, Ph.D.

November 10, 2011

Open your eyes be Awake

You are fine, You are the icing on the cake

The Mighty GOD gave you birth

Gave You your own identity and moral health

Set You on a journey of fun to explore

Inspired You to Create and adore

Gave You “Ego” to protect

Send You to Experience to detect

With your “Holy Spirit” as your Guide

You are the wonder of the Universe, and indeed, a “Find”

Be in full control of the Ego Do not let Him self-indulge

He is gullible, mischievous, He keeps a grudge

If You were to let, He will bring You sorrow

He will drown You in a pool of self-pity to wallow

He tells you You are always right You make no mistake

He keeps you always in anger to finally burn at the stake

Avoid misunderstanding- Do not let Him lead You to conflict

Otherwise misunderstanding will proceed to "Hate" as one may predict

Be "Loving," Be kind, and always "Forgive"

Give Peace and find Peace,-Love is what You "Receive"

Always Be Benevolent – Dare not to Suppress

Little things always find a way to Coalesce

Remember there is always another angle, another perspective

Be wise, Look around, always Be Objective
