

# **What is Happening?**

**Mohsen Paul Sarfarazi, Ph.D.**

**June 2, 2012**

- Mankind's reality solely depends on the state of mass consciousness.
- We all create our own reality.
- Mass consciousness creates a particular reality or timeline.
- It is said that only 144,000 individuals resonating at the same frequency, distinct from others, can create their own timeline or parallel reality.
- And, this is indeed what will happen on 12/21/2012.
- A 5<sup>th</sup> Dimensional Earth will be created.
- In fact, this reality has been creating ever since 2009 at least, when the particles of the new 5<sup>th</sup> dimensional Earth started to appear outside the 3D Earth.
- The 5<sup>th</sup> dimensional Earth will fully manifest on 12/21/2012, when the higher dimensional cristo-electric Earth energy grid will commence to operate on 12/12/12 when the final surge of divine energies will be received on Earth.
- After 12/21/2012 there will be a bifurcation of realities on Earth when the 5<sup>th</sup> dimensional Earth commence to separate from the 3D paradigm of existence into a new parallel 5<sup>th</sup> dimensional Earth.
- Many people who have the requisite vibration rate will resurrect to the 5<sup>th</sup> dimension with others continually graduating in their quest of emotional clearance, recoding, realignment, and reactivation of their 12 strand DNA/6 RNA system, as well as full activation of their pineal, pituitary, hypothalamus glands leading to full multi-dimensionality, and awakening of the thymus to activate the gene of compassion in humanity.
- These are the requisite requirements for ascension to the higher 5<sup>th</sup> dimension.

- So what is happening now?
- As was indicated previously, it is the state of mass consciousness that determines a particular reality or parallel timeline matrix.
- On 12/21/2012 Gaia and her planet Earth will ascend. And, there is no ambiguity in this regard.
- There will be an opened gate between the 1st harmonic universe HU1, where 3D Earth resides, and the 2<sup>nd</sup> harmonic universe HU2, where the 4<sup>th</sup>-5<sup>th</sup> dimensions exist in between 2012 to 2017 for a period of 5 years. After that the two harmonic universes will be sealed shut and separated from one another via a magnetic repulsion zone for an indefinite period of time. Hence, 'mass ascension' is only possible within such interval of time, beyond which ascension will revert back to individual resurrection, one soul at a time, as before.
- These are the constraints set forth by the divine decree and beyond this there are no interference by any entity, civilization, or group whatsoever, as to abide by the 'Law of Non-interference,' which states: nothing is to interfere with the evolution of a set civilization whatsoever as everyone is granted the sovereignty of 'Free Will' to discern and decide about his/her own path of evolution.
- So, it is all up to us.
- We have been rewarded by the direct assistance of the Legion of Angelics and the Council of Light with their components as The Galactic Federation of Light and the Ashtar Command, the Ascended Masters, the Archangels, star seeds, lightworkers, etc. in facilitating the process of ascension for us at the end of the current cycle. However, assistance is all we are entitled to and what is ordained for us as to abide by the Law of Non-interference.
- This is to say that our space brothers and sisters, the Angelics, the council of Light, etc. will assist us; but will not do it all for us.
- We must take an initiative to arrest the Illuminati/Dark Cabal ourselves. They cannot or will not do it for us.
- They have provided us with special encoded Light energy that falls upon us intensely every day as to assist us in recoding, realignment, and activation of

our 12-strand DNA and 6-RNA system and further activate our 4-divine-gland system. But we need to take initiative in enlightenment, self-reflection, and meditation to clear our emotional bodies from hereditary, implanted restrictions and past/present heavy embedded emotions and karma.

- The encoded Light will work on certain cleansing of the emotional body from imposed implants and possible hereditary Karma; however, we need clear focused INTENTION and awakening to clear our own imposed Karma through self-reflection, meditation, and prayers.
- Without clearing and emotional cleansing, achieving higher vibration rate and consciousness will not be possible, which are the essential pre-requisites to ascension and being able to sustain anchoring in the 5<sup>th</sup> or higher dimensions.
- The degree of ascension as to which higher dimension is a clear function of the extent of our vibration rate.
- The Nibiruan Council has constructed and activated higher dimensional energy grids for the 4<sup>th</sup>, 5<sup>th</sup>, and 9<sup>th</sup> dimensions.
- On 12/12/12 Earth will have fully in place the 12 dimensional grid system with the reception of the final crysto-electric energy with the activation of the remaining crystals in Arkansas. It is predicted that it will take an additional 9 days, until 12/21/12 to fully activate, test, and make operational the new higher dimensional Earth's crysto-electric grid system and its connectivity throughout the cosmos.
- Although Earth will be equipped with acquiring multi-dimensionality up to the 12<sup>th</sup> dimension, the operability of the energy grid system will be confined to 5<sup>th</sup> to 9<sup>th</sup> dimensions as the present grid system will only have the capability of contraction and expansion without any spinning ability.
- The energetic of the Earth will continue to develop until year 2024 when the energy grid will graduate to have spinning capability also, which will give it the ability to access dimensions 9-12, the realm of avatars.
- The dimensions 12-15 remain reserved for the divine operations, where the Prime Creator, Lord Metatron, and Rishis reside in our **Nebadon** Universe.
