

# **Who are The Dark Cabal?**

- Nowadays, the phrase 'Dark Cabal' refers to a group of super-rich bankers headed by mainly Jewish Zionist elites who completely rule and control the world.
- Their main objective is to form a world government referred to as the New World Order (NWO) under which they can tightly control the world.
- They have complete global dominance on all financial, political and even social aspects of our life today, although they run their affairs through installation of their puppet minions in the governments of mainly the Western Hemisphere with total influence and control of the rest of the world.
- Although they do not consider themselves as citizens of any particular nation, they have 3 primary capitals or centers of influence which include:
  - (1) London, England: This is the heart for their financial activities which oversees the rest of the world.
  - (2) Rome-Italy-Vatican: This is the center for their religious, superstitious and hypocritical propaganda.
  - (3) United States of America: This is the military arm for their hideous and domineering undertakings.
- The elites of the Dark Cabal which consist of the heads of 13 top families do not often take active roles as CEOs, presidents or main officials of their International corporations. Instead, they hire individuals who run their businesses and the world affairs for them.
- These individuals are carefully selected among persons who are indubiously loyal to them and their 'cause.'
- The very top positions such as CEOs and presidents of their most major companies are filled by people who have a direct bloodline ties with them.

- The hierarchy is determined by the closest blood relation to the top 13 families.
- It is estimated that currently there are 300 such individuals that run the world.
- A list of these positions includes presidents, senators, congressmen, as well as heads of major banks and financial institutions.
- It is now known that 33 of the previous presidents until Clinton had close direct bloodline ties to the top 13 Dark families.
- Other higher minions consist of individuals carefully hand-picked by the higher elites and include characters without much ethics or moral convictions prone to servitude who are easily malleable and 'trainable' to carry out their orders.
- These generally fit into the category of 'yes men and women,' very eager to move up and fulfill their materialistic and carnal desires.
- These individuals must first take oath of loyalty and allegiance to the Dark Cabal and their GOD who is the Draconian's king; and hence they must agree to sell their souls to the proverbial devil, just as you have heard before as the 'Faustian damnation.'
- The structure of hierarchy within the elite is that of a pyramidal organization with the ones at the top having the highest 'purity' of the bloodline to the original arrangement.
- The Dark Cabal are very stringent about hierarchy 'position' and 'status' within their own clans, with lower ranks being submissive to the higher order in order to win favor to move up the ranks within their organizations.
- The Dark Cabal, are followers of the Draconians, hence, in this regard they have absolutely no scruples whatsoever.
- They defy all that is normal and inherent in us such as love, peace, compassion, charity, benevolence, justice, and all that may be classified under the general category of moral, proper, ethical, decent, or 'good.'
- On the contrary, their main guidelines or 'principles' that they follow converge to one thing, 'survival of the fittest,' and 'having the best toy to

win a conflict;' or alternatively, 'climbing up the ranks' and 'gaining' by whatever means possible.

- They are very cold blooded (a trait they inherited from their reptilian ancestry); very cruel, ruthless, and hard; totally distrusting (a quality imposed upon us nowadays); totally void of genuine concern for their families; with anything for 'carnal pleasure-power-ownership' mentality.
- For example, if a higher member of the Dark Cabal or an elite asks for the daughter of a lower rank for prostitution or sex during 'late night's activities,' they would candidly offer their daughter on a silver platter if in return they are promised promotion within the ranks or even compensated with a considerable sum of money!
- Apparently, when a child reaches two years of age they commonly put their baby in a cage for a prolonged time and when the child insecurely cries to be taken out, they take the baby out and give him a bird or a kitten and ask the child to suffocate the animal. If the baby refuses, they put him back in the cage until the child complies. When the baby does smother the poor animal; most likely he/she goes to the corner of the coop and throws up while the parent shout and praise the child for his/her strength and bravery.
- Usually when a child reaches 9 years old he/she has learned all about 'self-defense,' and knows how to kill with a knife.
- By the time he reaches 13 he is proficient in the 'art' of bearing arms and has practiced on live targets including other 'dispensable' humans.
- It is now quite fashionable to indulge in homosexuality and the 'pleasure' of sodomy. Everyone is doing it and feminist is a thing of the past.
- It is all part of the 'modern age' mentality, and soon heterosexuals will be in the closet.
- It is the Draconian's agenda to destroy feminism and they have a sick agenda for depopulation of humanity.
- In New Zealand they have already successfully genetically engineered androgynous goats; and we are next in line.

- The plan is to genetically reengineer women and eventually we will all be androgynous and there will no longer be a need for females.
- Androgynous humans are to live together happily ever after and there will not be any need for physical procreation.
- Only select 'superior' genes will be used to 'create' a new species of 'superhuman;' the older generation will eventually die out or will be subject to genocide, annihilation, and eventual extinction.
- Population control will be strict and under the auspices of the elite only.
- Returning back to the subject of humans and the Dark Cabal, it seems the same fate will be awaiting us as the Greys if we do not awaken and safeguard the future of humanity against deliberate genetic regression.
- From the dawn of mankind the Draconians have had a diabolic and bitter resentment regarding the human race.
- They will stop at nothing to see human genome deteriorated to the point of obsolescence.
- Since the Draconians control those who currently rule this planet and her human inhabitants, and because of the damnation of Greys to their fate, they theoretically could succeed in this monstrous endeavor of making human androgynous and worse.
- The Dark Cabal have already embarked on an orgy of homosexuality with little or no interest in heterogeneous relationships any longer.
- The feminine qualities are no longer admired or pursued.
- Women are still used for prostitution but they are often the victim of sodomy rather than conventional or regular sex.
- Furthermore, they have already succeeded to genetically engineer androgynous goats; and we are next.
- The irony of experimenting with 'goats' is in line with human reality as they commonly salute themselves with a hand gesture which signifies a goat with two horns; and this is consistent with their belief that they are superior and all other humans are 'goats' or better said sheep heading for slaughter; serving their gruesome and voracious appetite for what they ponder as "living."
