- **The World Trust Fund** is something that is, albeit it slowly, emerging on your current world.

- It has to do with returning to Humanity, as a kind of re-compensation of the funds.
- **This Trust Fund has been established under my supervision, Saint Germaine, and will remain solely under my supervision.**
- I will be the one who will make the decisions in this regard and I will decide when it will all come to pass.
- There have been resistances and difficulties along the way
- I always considered the life and freedom of every soul as my top priority.
- The fund contains gold of immeasurable value which rightfully belongs to humanity.
- Once all greed and sources of evil have been fully removed it will be safe again to return these funds to their rightful owners: the whole of humanity.
- I will decide on the subject when this will happen.
- **I cannot determine in advance** when exactly this will be, all I can say is that it will be determined in a mere second of your time.
- This time is now increasingly becoming a probability as the sources of evil and the dark forces are as good as eradicated now.
- Your safety my top priority in this moment!
- Rest assured and have faith: **you will certainly have the experience of this in these times of your incarnation.**
- We have moved very close now to a breakthrough of NESARA.
- **NESARA is far more than just the World Trust Fund.**
- **NESARA is** the freedom of humanity, **the rediscovery of yourself**, of your abilities, of your perceptions and of **your connections with your Galactic Self** and your family, which in itself has to do with **Disclosure**.
- NESARA also refers to having faith in yourself and in each other, in the perfect society in Love and Harmony.
- NESARA also implies a **more refined and Higher Technology** and a **broader scale of scientific and spiritual knowledge.**
- This is also a global process for which I have worked for a very long time.
- Many steps have gone awry in the past.

- With the removal of the most hazardous darkness, the way shall be cleared for this.
- I do not give any dates or even a timeframe but let me ascertain you that it all draws nearer.
- The first steps of this process have already been taken.
- **President Obama plays a major role in this** and with each passing day he gets more power to bring these issues to fruition.
- **You have to confide in this president** as he is the one that might get the job done. **He works tirelessly to bring it forward.**
- **He is my ally in the matter of NESARA** and in so much more and he knows all too well what is in store for him.
- You had to wait a long time for this; but rest assured that I pursue the same goals as your hearts do; ***the collective hearts are co-creating this in all safety and in all freedom.***
- The World Trust Fund will also get its turn.
- **I put my whole Being into this project** as I love you all so very much and I so long to see your hearts fully liberated... This too is my goal and my mission to which I gladly give my soul.
- So **trust me completely**: Saint Germaine knows what he is doing for the well-being of all of you!
- Feel free to give your support to me: **Be faithful and remain positive.** You assist me by **letting go** and by being and **experiencing yourself in each NOW moment. Only create in the NOW**, without expectation and **just BE and feel Love.** It will come to pass and when you take aforementioned advice to heart you assist me greatly.
- A word of warning as to the so-called '**Pre-NESARA funds**' as **there is no such thing as an application in advance** and certainly not by means of filling in a form which requests you hand over all your personal data.
- By filling in that form you put yourself in a vulnerable, weak position by putting your cards on the table for the dark ones to see.
- Such things do not pertain to my NESARA.

- So be extremely cautious! NESARA will come to pass for every individual on the exact same time: there are no favorites and you are not required to introduce yourself. We know all too well who you are in your Presences and everyone will receive their rightful part in all freedom and this will be so for all of you and only through me!
- I am the supervisor of the NESARA project and I guard it wholeheartedly.
- **Take good care of each other and be present on Earth in your Light and in your Love; take the necessary steps and get on with your mission!**
- With much Love I greet you all.

I AM that I AM
Saint Germain
